

## Poisoned Man's Wife And Son Are Jailed Charged With Murder

A. L. Campbell, Whom  
Greene Farmer Charged  
With Improper Rela-  
tions, Third Person Held.

### COMMITMENT TRIAL IS SLATED FOR TODAY

Innocence of Alleged  
Crime Protested by Pris-  
oners—Death by Poison,  
Coroner's Verdict.

Greensboro, March 10.—(Special.)—Following the mysterious death last week of Will Williams, farmer, residing near here, and the subsequent finding of Dr. Edgar F. Everhart, of Atlanta, that death was due to poisoning by strychnine, the wife of the dead man, A. L. Campbell, with whom the Williams resided for a short time, and Bennie Williams, son of the deceased, were arrested Thursday night on warrants charging murder and held at the Greene county jail.

Immediately after she was brought to the jail by Sheriff Hixson, Mrs. Williams declared she knew nothing of the cause of her husband's death and did all she could for him Tuesday evening when he became ill after eating a hearty supper. Both she and her son declined to make a detailed statement until they had consulted attorneys.

**Protests Innocence.**

Campbell, a section boss on the Georgia railroad near here and the man whom Will Williams charged with improper relations with Mrs. Williams, stated he was innocent of any connection with the alleged murder.

"I regret having to stay in jail," he said, "but I can't help myself. I will prove that I am innocent."

The circumstances surrounding the death of the planter were such that an investigation resulted. After hearing all the available testimony Wednesday of last week, the body was ordered interred and the viscera removed and sent to Atlanta. Dr. Everhart returned his first decision Wednesday night, and the arrests were made immediately after the coroner's jury this afternoon returned a verdict that Williams came to his death by poison administered by unknown parties. The commitment trial is expected to be held Friday.

**Secures Divorce.**

Campbell secured a divorce in January, and Bennie Williams, 18 years of age, was one of the witnesses testifying in his behalf. Just before the divorce, Campbell and Williams came to his death by poison administered by unknown parties. The commitment trial is expected to be held Friday.

**Complete Analysis.**

Dr. Edgar F. Everhart, chemist in the state capital and one of the experts who testified in the famous Shepard poison case, stated Thursday night that he would make his complete report on the Williams case late Saturday afternoon or Sunday. The viscera of Williams was received by Dr. Everhart late Friday, and in order to render an early decision as to whether he was killed by poison, the body was carried to his chemical analyses through Sunday.

## Georgia's Thirst For New Panacea To Go Unslacked

### "Invalids" of This State Must Struggle Along With- out Beer.

BY JAMES A. HOLLOMAN.  
Washington, March 10.—(Special.)—My, my, but what a wonderful "medicine" real beer is!

We never appreciated the curative powers of that great beverage when we could buy a "schooner" for a nickel, but now—

Why, it has all the other "medicines" backed off the bar-counter for the department of justice says it can be manufactured and sold—understand—and all one has to do is to get a doctor to say "yes," and then go and fill the refrigerator full.

All of this new information about the marvelous curative powers of real beer have been discovered and promulgated since March 4; with the good old summer time right now frolicking around the front gate, and ready to come in!

It must be a dream!

But there is a slight lurking around every smile! Some how nature doesn't intend for us to have all sunshine and no clouds, nor does it intend, apparently, for a department of justice ruling to carry joy to every state.

In the ruling just issued authorizing the brewing of real beer for the sick and disabled, it limited the sale even with a doctor's certificate to the states not "bone dry" by statute prior to the enactment of the 18th amendment.

Hence Georgia is one of the nine states in the union to which the new beer ruling will not apply.

But—there's Florida!

## MADDOX 'ELECTION' TO BE PROTESTED BY HIS OWN WARD

Call Issued for Mass Meet-  
ing to Make Plain the  
Ward's Attitude on  
Methods Employed.

### MADDOX IS DEPRIVED OF KEY'S AUTHORITY

Mayor's Letter, Asking  
Resignation, Causes  
Changed Attitude by the  
Protested Commissioner.

Voters of the fifth ward are going to let J. W. Maddox, "proclaimed" police commissioner, know just what they think about the method by which he was rushed into his seat on the board at the meeting of general council last Monday. Friends of Ellis Barrett, his opponent in that race, who was defeated because of a clerical error, which Mayor Key ruled correct, last night called a mass meeting of the fifth ward to be held next Thursday night in the English Avenue school.

"It doesn't matter whether or not Maddox resigns, he will be a candidate again right away, and we want to let him and the people of Atlanta in general know exactly what the people of the fifth ward think about the kind of politics which 'elected' him."

Mayor Key, whose announcement that J. W. Maddox had been elected to the police commissioner's office by general council to the contrary notwithstanding, having requested J. W. Maddox to resign in order to clarify the political atmosphere, J. W. Maddox, who has been citing his job, yesterday changed tactics. He announced that before he could think of resigning, he would have to consult his constituents in the Fifth ward. More than that he would have to consult his duty to the police department, of which he states, he is passionately proud.

In the meantime, interest was added to the tangled situation by the announcement of Ellis Barrett, Atlanta attorney, who said that Maddox in the police commissioner race, but who was the victim of a clerical error, which permitted the mayor's pronouncement of his opponent's resignation, that he and his friends were proceeding with their plans to oust him. Maddox's tenure of office, whether he resigns or not.

**Will Resort to Courts.**

"The announcement that the mayor has asked for Mr. Maddox's resignation is interesting," said Mr. Barrett. "It seems that Mr. Maddox has taken his cue from the mayor all the way through, but it is a small matter whether he resigns or not. Of course, we will wait to see what he does before we go to any costly court action. But if this is simply a political move of the mayor's to get out from under the wave of protest that has swept the city on account of the method of conducting Monday afternoon's election, and Maddox resigns to the police on the board, we will resort to court proceedings to have him ousted."

"Camouflage about his resignation will not remedy the situation. I am going to see that I have my rights in this matter and that the people of Atlanta get their rights. That is all there is to it. As soon as we know what Mr. Maddox really intends to do, we will act. You may be sure of that."

Told of Mr. Maddox's statement that before he could think of resigning he would have to consult the wishes of the people of the Fifth ward, Mr. Barrett declared that he would welcome to any move that Mr. Maddox will find that there are mighty few people in the ward, who care anything about his representing them on the police commission.

"But as to his statement that he would have to consult with the general council, that is another question. Doubtless there are a number of men on the police force as it is now constituted, who will object loudly and persistently to any move that Mr. Maddox will make toward resigning. He says he is needed by the police department and that is palpably true. He is needed badly by some members of the police department."

"It is altogether likely that the same thing is true in reference to some of the politicians about city hall. But I know this; if the matter is ever brought to a vote again in general council, I will be elected by a big majority, although I should be openly opposed by the present powers in the city government."

**Mayor's Letter.**

Mayor Key's letter to Maddox follows:

My Dear Sir: A great deal of criticism has arisen over your election as police commissioner. It is claimed that an error was committed by Mr. Barnes, the reading clerk, in recording the vote of two members of the general council. If a mistake was made by Mr. Barnes, and it seems that there was, because there is no more faithful and honest official connected with the city government than Mr. Barnes, and he would not have intentionally done any wrong to anyone.

The results of the election, as certified to me by Mr. Barnes, was announced in the general council. No objection was made to the announced vote, although a number of members of the council were keeping tally of the vote, and, according to the law, you were declared elected as police commissioner. After the elections were held, and after the elected body had adjourned,

## At Board's Request, Bugg Outlines Today Stand on Mediation

Strike Situation Takes  
New Turn When Re-  
ceiver Is Asked for Ex-  
planation of Attitude.

### WILL RESUME PARTIAL SERVICE THIS MORNING

First Passenger Train to  
Leave Atlanta Since the  
A. B. & A. Lockout to  
Leave Today.

The Atlanta, Birmingham and Atlantic railroad strike situation took a new turn Tuesday afternoon when it was learned that Colonel B. L. Bugg, receiver for the road, has been called upon by the federal mediation commission for a final statement as to whether he will or will not submit the matter to mediation.

Colonel Bugg told The Constitution Thursday night that such a request had been made very near to the record of the New York show and will even compare favorably with the record-breaking Chicago Auto exposition.

A remarkable fact about the attendance is that it has grown each day.

"We were more than satisfied with the first day's attendance," said John Lottridge, president of the association, Thursday. "We were delighted with Tuesday's crowds. We were in ecstasies over the throng of people who saw the show Wednesday, and today we have simply been throwing fits. We expect the attendance to increase in the same ratio Friday and Saturday, and if the show remained open another week, I'd bet the Auditorium wouldn't hold the people."

It was learned Thursday that Commissioner W. L. Chambers and Assistant Commissioner Whitehead Klutz, who have been in Atlanta since Monday for the purpose of settling the wage issue, have not proceeded beyond preliminary steps for setting in to motion the machinery of the United States board of mediation because of the failure so far of Colonel Bugg to accept the offer of the board.

**Refuses Comment.**

For a week, his letter to Colonel Bugg asking for a definite statement as to his attitude toward the board was dispatched. Colonel Bugg refused to comment upon the request or to disclose details of the letter.

W. W. Croxton, passenger traffic manager for the Atlanta, Birmingham and Atlantic, indicated Thursday night that Colonel Bugg is still negotiating with the board of mediators. Mr. Croxton could not say what position Colonel Bugg will take in the matter.

While Colonel Bugg's grounds for not falling to signify his intention to enter the mediation are not stated, it is believed that he gives his position upon the idea that in case the board insisted upon the payment by the road of the wage scale in effect prior to Judge Sibley's order of February 28, reducing it to the cost could not pay the money. It is also believed that Colonel Bugg wishes to refrain from leaving the question of wages an open one.

Therefore, in view of the petition and court order of Wednesday, it has been inferred that the receiver will insist upon a ruling upon the wage issue by Judge Sibley on March 25.

**Service Resumed.**

Colonel Bugg announced Thursday that partial freight and passenger service will be resumed beginning Friday, but traffic in the main seems to be still tied up on the lines of the road.

Not only did the passenger train schedules on a limited basis, but it is understood that arrangements have also been made for running freight trains into various sections traversed by the Atlanta, Birmingham and Atlantic lines.

According to announcement of Colonel Bugg, passenger trains will be run only to Manchester. The first train, it is declared, will be running at 7:15 o'clock, and running on schedule of train No. 2, will be the first passenger train to leave this city since the order calling out the train employees became effective last Saturday at noon.

The train, it is declared, will return to Atlanta as train 15, and will be run one hour behind the time-card schedule for that train. This train is due to leave Manchester at 10:30 a. m. and arrive in Atlanta at 12:30 p. m.

## PANAMA REFUSES AWARD OF WHITE AS PEACE BASIS

Central American Republic  
Replies to U. S. Note  
Demanding the End of  
Hostilities.

### NOTE UNSATISFACTORY TO STATE DEPARTMENT

President Porras Makes  
Counter Proposal Which  
May Bring Settlement of  
Territorial Squabble.

Washington, March 10.—Panama refuses to accept the White award as a basis of peace with Costa Rica, it informs the American government in a note made public today by the state department.

The note is in reply to that sent to Panama and Costa Rica last Saturday by the state department demanding immediate cessation of hostilities. It was made public without comment.

It is understood, however, that the Panama note is not regarded by the state department as satisfactory and that a counter proposal has been made by President Porras which may be made the basis of further negotiations. He is understood to have suggested mediation of the boundary dispute by a board of South American members, representatives chosen by various universities, or some other disinterested men.

**Panama Reservations.**

Panama agreed to the retirement of its troops sent to Costa Rica after the appearance there of Costa Rican forces, but it announces its intention to keep the civil and police award. Panama by the withdrawal of her troops, has restored the status quo, but it is understood the United States will insist upon the gradual withdrawal from the disputed territory of the civil government to clear the way completely for final adjustment.

Panama states that whatever may be the result of mediation by the American government in the armed conflict between the two Central American republics, it reserves the right of demanding indemnity from Costa Rica for the "damage caused" and for the expenditures of the defense expedition which by its fault have seen the necessity of equipping and organizing.

Panama's reply was transmitted by J. E. Lefevre, its charge here.

**Text of Note.**

The Panama reply follows:

"My government authorizes me to state to your excellency that it has given instructions already to our military forces that they retire from Costa Rica; but that our civil and police authorities will remain."

Chicago, March 10.—Wage reduction proposals affecting thousands of men were officially announced today by practically every western railway with headquarters in Chicago, among them being the Santa Fe, Chicago, Milwaukee and St. Paul, Chicago and Great Western, Chicago, Rock Island and Pacific, and the Chicago and North Western.

The roads will hold first meetings with their employees in an effort to reach some agreement regarding a reduction in wages. If the roads and workers are unable to reach agreements, the disputes, it was announced, would be allowed to go before the United States railway labor board.

"Wages must come down," said A. G. Wells, vice president of the Santa Fe system. "Everybody knows that. We will in a few days, as a start in a general readjustment, ask representatives of maintenance of way and shop workers, especially the unskilled workers, to come to Chicago and agree to a more 'seemly' wage scale."

The Chicago, Rock Island and Pacific and the Chicago and North Western, likewise notified its employees of wage employees to meet here March 18 and 21, respectively for a discussion of wage readjustments.

**NEW YORK CENTRAL SLASHES.**

New York, March 10.—The New York Central railroad today announced that beginning April 16 it would revise downward the wages of approximately 45,000 employees. It was understood that the subsidiary lines, forming a system which employs 174,000 men, or almost one-tenth of the railway workmen in the United States, soon would follow the lead of the parent organization.

The subsidiary companies include the Boston and Albany, Michigan Central, Big Four, Pittsburgh and Lake Erie, Lake Erie and Western, Erie Central, Zanesville and Western, Kanawha and Michigan, Kanawha and West Virginia and the Indiana Harbor Belt railroads.

Eighty-five classifications of employees will be affected by the reductions, and most of these men are members of one or another of the national labor organizations, the company announced. The reductions proposed will be variable, but probably will be based upon the increases of pay granted by the United States labor board's decision, No. 2, made July 12, 1920.

**Second Cut.**

The notification follows closely upon similar notice addressed to all unskilled laborers, number 26-000, which was the subject of a conference between officials and employees' representatives at which the company proposed to reduce pay for unskilled labor from 45¢ to 57 cents an hour to from 40¢ to 45 cents.

The company, in its order after reciting a "marked" change in conditions justified and required reductions in existing rates, said: "This move is on behalf of the rate paying public and of general industry just as much as of the railroad. The wage rates imposed on the railroads by war-time gov-

## INSURANCE MELON TO BE CUT BY U. S. FOR EX-SOLDIERS

Washington, March 10.—Approximately 100,000 American veterans of the world war, holders of converted policies of war risk insurance, are about to "cut a melon" embracing some \$350,000.

R. G. Cholmley-Jones, director of the war risk bureau, plans to announce the distribution before he retires from office, not later than March 31, the dividend payments will be made by check and mailed to the policy holders, the checks averaging around \$4, the exact sum being determined by the kind of policy, age of the policy holder and total amount of the premiums paid.

The earlier policies were converted the greater will be the checks.

The insurance fund is reported to boast a very healthy reserve and while a conservative dividend basis will be established it is understood future "melon cuttings" will be even more profitable to policy holders.

## Slain Man's Body Found Wednesday After Long Search

Lumber City, Ga., March 10.—The body of John Wilcox, 19, who was slain on January 15, was recovered 2 miles below the scene of the killing today.

The condition of the body indicated, in the opinion of county officials, that it had been buried in a shallow grave at the side of the river where it had been washed up by a freshet.

Three men are under arrest in connection with the case.

## With European Situation At Crisis, Simonds Sails To Interpret Developments

Frank H. Simonds, admittedly the world's most famous commentator of economic and war conditions, will sail March 17 for Europe, in order that he may study at first hand the whole situation on that continent—both from the economic standpoint and from the physical.

During his stay in Europe Mr. Simonds will send to The Constitution articles giving the result of his observations and predicting what current developments promise for the future. This series of articles during the approaching spring and summer will undoubtedly be the most valuable newspaper feature to be published in America.

Mr. Simonds considers that the whole situation abroad is approaching a crisis. The European question has become economic. The United States is vitally interested, both because of the \$11,000,000,000 owed this country, and because of the necessity to us to have European markets reopened to relieve the conditions of our own producers.

Before summer we shall have either a settlement of some sort or a French occupation of much more German territory, with corresponding economic consequences. It is also at least likely that the Russians will attack Poland or Rumania, or both, by spring. The new American administration will have to attempt to decide upon a policy toward Europe.

An intimate knowledge of the European attitude and conditions is essential to discussing and understanding American policy in the near future. Congress already appreciates the immediate importance to us of European events, and foreign affairs are daily claiming greater attention at the capital.

These are only a few of the many reasons why Mr. Simonds must go abroad at this time, and why the Frank Simonds articles are bound to be of particular significance and importance during this year. These articles from the other side will enable every reader to be constantly posted on the significance of all developments of every kind.

Not one of The Constitution's readers should miss a single one of these important commentaries by Mr. Simonds.

## Gasoline Drops Another Penny Starting Today

Balm for the soul of the motorist is found in the announcement Thursday that the price of gasoline in Louisville, Ky., will be reduced from 29 cents to 28 cents per gallon, and from 29 cents to 28 cents, effective today.

The announcement was made by R. E. Hodgson, district manager for Georgia of the Standard Oil Company of Kentucky.

Mr. Hodgson also announced that the wholesale price of kerosene would drop Friday from 13 1/2 cents per gallon to 12 1/2 cents, both reductions being made effective in the state of Georgia by authority of the home offices of the company in Louisville, Ky. The new price scale will have effect in all quarters of the territory served by the Kentucky branch of the corporation, which includes all of the state of Georgia.

The announcement of Mr. Hodgson for his company is judged as particularly timely, since it comes, as it does, while Atlanta is in the midst of its great automobile show, said by those familiar with all conditions to be the greatest point of interest since that of 1919, and equal in all departments to that of the pioneer local automobile exhibition.

## ATTENDANCE BOOM FOR AUTO EXHIBIT

Record Crowds Bear Wit-  
ness to Soundness of Dix-  
ie's Automobile Trade  
and Financial Standing.

BY FUZZY WOODRUFF.  
With all attendance records for the week broken last night at the great Southern Automobile show, members of the Atlanta Automobile Dealers' association were confident that the case of the Dixie would prove to the world the south's financial soundness better than anything that has happened since the bottom dropped out of the cotton market.

Dealers are confident that the actual sales of cars brought about by the show will come very near to the record of the New York show and will even compare favorably with the record-breaking Chicago Auto exposition.

A remarkable fact about the attendance is that it has grown each day.

"We were more than satisfied with the first day's attendance," said John Lottridge, president of the association, Thursday. "We were delighted with Tuesday's crowds. We were in ecstasies over the throng of people who saw the show Wednesday, and today we have simply been throwing fits. We expect the attendance to increase in the same ratio Friday and Saturday, and if the show remained open another week, I'd bet the Auditorium wouldn't hold the people."

**Intelligent Interest.**

Virgil Shepherd, general manager of the show and a keen student of crowd psychology, was authority for the statement that the crowds have not only increased numerically, but have increased in intelligent interest in the motor car industry.

"These people are car-buying people," he declared, "and you don't have to be a mind reader or talk to them to know that they are not coming to this show as idle sightseers. They are coming here to study car values."

"You can tell by the questions that they ask the salesmen and the demonstrators that they are well posted in motor mechanics. You can tell by the way they are pointing out the various features that they are trying to get a line on comparative values."

**Many Sales.**

"The Locomobile people, whose car is a high-priced affair and is being handled by few prospective purchasers, told me today that they have a list of prospects that is larger than the combined list of all the Atlanta shows."

"When final results of this show are tallied up, it is sure to be in proportion to its site ever held in the history of the automobile industry. There have been a lot of such shows, but none have been so directly to individuals who bought tickets to this show to study cars. You can tell by the way they are pointing out the various features that they are trying to get a line on comparative values."

**Jollification Coming.**

"There'll be plenty of time for jollification after the show is over," said E. J. Hill, publicity representative, "and believe me, when the jollification comes it's going to be a real one. This show has done more to put heart in the trade than anything that could possibly have happened."

An added feature was added to the musical program Thursday. The Auditorium has always been kept lively this week with the Killdeer band going full speed upstairs, and Charles A. Sheldon, organist, sat down to the big instrument, gave a noon concert which was enthusiastically received that he repeated it during the afternoon.

Efforts are being made to have Mr. Sheldon as a feature again on Friday and Saturday.

## NATION-WIDE TRIBUTE TO WILSON PLANNED

Washington, March 10.—(Special.)—Senator William J. Harris today announced that he would attend a meeting at the Hotel Biltmore in New York, March 15, to consider a nation-wide tribute to Woodrow Wilson, at which John Drinkwater and Edwin F. Gay will speak. The senator has replied that he expects to be in Georgia at the time in keeping with previous engagements.

## U. S. IS INVITED TO ENTER LEAGUE

France Reported in Effort  
to Induce Harding to Favor  
Modified League of  
Nations.

Paris, March 10.—It was stated at the foreign office today that negotiations were under way between the French embassy in Washington and the state department in an effort to induce President Harding to favor acceptance of a modified league of nations.

The French position was conciliatory, and is believed to relate to expressions by officials connected with the present Washington administration made during the peace conference.

**COMMENT WITHHELD.**

Washington, March 10.—Administration officials withheld comment today on the statement made at the French foreign office that negotiations were under way between the French embassy here and the state department with regard to the acceptance by the United States of a modified league of nations.

The impression was given, however, that the initiative in any such development rested entirely with the French government and that in any event the matter had not yet reached the stage of negotiations.

Secretary Hughes refused to discuss the question. It became known, however, that on last Tuesday he had a half hour talk with Ambassador Jusserand just before the presentation of the diplomatic corps.

Mr. Jusserand is the dean of that corps and at the time it was understood that the visit had to do largely with the reception of the envoys. Whether the subject of the league of nations was broached has not been made known.

**Harding Indications.**

President Harding has indicated all along that his first steps in foreign affairs would come after for-

ment operation aside from the about restrictions in equality and abuses brought by the national agreements are entirely out of line with the standards of today in all other branches of industry and with the law of supply and demand.

**Cites Law's Cause.**  
"The railroads have been compelled by law to maintain artificial standards and unbusinesslike practices in the management of their forces. The transportation act, however, expressly provides that the railroads shall be economically managed, so this action is in strict conformity to the letter and spirit of the law."

"The New York Central railroad throughout the years preceding federal control successfully maintained harmonious and satisfactory relations with a loyal and efficient force of high-class workers in all branches. It now proposes to eliminate the gross evils which have been imposed upon it through the unprecedented events of the past few years, and to get back to management in harmony with correct business practices in behalf of giving the traveling and shipping public the utmost of good railroad service at the lowest possible price."

**Pleads for Public.**  
"Chief among the evils which the public rightfully should demand be eliminated is wage waste involving the payment of vast sums for services not rendered and a loss of normal efficiency amounting in many departments to upward of fifty per cent. The public is entitled when it pays a dollar to receive a dollar's worth of service from a railroad the same as from any other business institution."

"Artificial and unwarranted high wage scales on the railroads are detrimental to industry generally, as well as a direct burden on the railroads themselves which the public must pay in high rates, with the more serious alternative of suffering the deterioration or breakdown of the transportation machine upon which the property of our whole population depends."

"On behalf of the public the railroads are combating the so-called national agreements and rules which have produced grotesque injustice and almost insupportable handicap to official management."

fore the labor board, now sitting in Chicago. Before this tribunal the railroads are presenting volumes of evidence upon this subject and a decision will be reached thereon in due time.

**Conforms with Rules.**  
"The transportation act and the rulings of the railroad labor board provide that the managements shall in an effort to arrive at an agreement. The New York Central is conforming strictly to these rules and the first of these conferences covering its unskilled workers was held last Tuesday, with further similar meetings to be held as the task of rehabilitation of the working personnel proceeds."

"It is a noteworthy fact that, up to date, the representatives of labor in conference have entered no denial whatever to the statement frankly presented to them by the managers that existing railroad wages are decidedly out of line with those prevailing in other industries. The New York Central has in progress a comprehensive study of the foregoing rates of compensation being paid to its branches of the labor which it requires so that its position with respect to fair treatment of its valued employees and essential business prudence may be correct and entirely justifiable."

**ANOTHER ROAD ACTS.**  
Boston, March 10.—The New York, New Haven and Hartford railroad today announced a conference of additional classes of employees to discuss a downward revision of their rates of pay, effective April 15. Employees affected include supervisory forces, maintenance of way, shops, offices, station forces and dining car and restaurant employees. The date of the conference will be set later.

Approximately 22,000 employees will be affected by this revision, railroad officials said.

The announcement of the conference, the attention of the men was called to changes in conditions since the present rates of pay were made effective.

These changed conditions justify and require reduction in the existing rates," the notice said.

Officials of the road will meet representatives of the unskilled employees in New Haven, Conn., tomorrow to discuss the revision of pay which has been announced for April 15.

**UNION PACIFIC HOLDS CONFERENCE.**

Omaha, Neb., March 10.—A conference between W. M. Jeffers, general manager of the Union Pacific, and officers representing maintenance of way employees of the road on the question of reducing wages of unskilled labor, was held here today. The result of the meeting was explained, must be submitted to the railroad labor board in Chicago.

**P. AND R. CALLS CONFERENCE.**

Philadelphia, March 10.—A conference with representatives of unskilled labor on March 15 to discuss the necessity for making reductions in the existing rates of pay was called today by P. M. Plack, general manager of the Philadelphia and Reading Railway company.

Twenty-five classifications of unskilled labor are affected by the proposed cut, according to circulars outlining the purpose.

Officials of the company would not say whether any steps are to be taken regarding the wage schedule of the remainder of the railroad's 25,000 employees.

New York, March 10.—Representatives of 2,000 unskilled workers employed by the Long Island railroad today failed to reach an agreement with company officials on their proposal to cut common labor wages from 48 1/2 cents an hour to 45 cents. The matter will be presented to the railroad labor board for review and decision, the company announced.

## ALLIED INVADERS FIND ONLY PEACE

**Humdrum Affairs of Daily Life Uninterrupted by Troops in Occupied Rhine Territory.**

BY HUDSON HAWLEY.

United News Staff Correspondent.  
Dusseldorf, With the Allied Army of Occupation, March 10.—The children of Dusseldorf have begun a new three-ring circus, and thousands of new playfellows. The older folk have found a new place for the job. Except for that, Dusseldorf today is the Dusseldorf of a week ago, minding its own business, working hard, engrossed in the humdrum of ordinary life.

There was no need to send out weary pickets into the outlying districts of this region as a precaution against hindrance by the population of any of the new army's maneuvers. The public, aside from a healthy respect for the army and its sinister weapons, has platonically accepted the troops as a new burden, but one that must be borne. There is no spirit of flight here.

German children are playing, morning and afternoon, in the Rathaus courtyard, where the Belgians are quartered. They are ready on the slightest of terms with the men from across the border and they thoroughly enjoy the military pageantry.

An incongruous note is found at Dusseldorf, where the army of Poland bedded down comfortably in the Rathaus. Above them hung a memorial tablet inscribed to the memory of those German soldiers who lost their lives in the great war.

For the rest, it is sometimes amusing to see the zealous alacrity with which some of the former German officers snap to fulfill the wishes of "invading" officers.

**Police Co-operate.**

The French immediately upon their arrival set themselves to the task of breaking up the auxiliary police organizations, which have quite disappeared from the streets of the three occupied cities. The regular police are now co-operating completely with the allied guards, and there is no clash of authority.

When night comes the only sign of life in the streets is an occasional military patrol. Restaurants and cafes are closed at 9 o'clock, and the population remains indoors, whether from choice or to further the instructions of their burgomasters.

**Colorful Touch.**  
The French have furnished one colorful touch in Dusseldorf. At the front of the old hotel, where headquarters have been established, are two big, ornate, red and white boxes. The weather-beaten insignia has completely disappeared beneath a fresh coat of paint—in the tri-color, red, white and blue.

But, alas, the paint is very, very wet, and the sentries are unable to take shelter within the boxes without emerging looking like zebras.

The imposition of a "siege" and the consequent demand for identification cards has given the local photographers a rushing business. Long lines of civilians stand throughout the day waiting to be snapped.

But the motto of Dusseldorf thus far has been "business as usual."

## ATTEMPT TO SELL NATION'S SECRETS CHARGED IN JAPAN

Tokyo, March 10.—Naval Lieutenant Tsuru Hamaguchi today was arrested and handed over to a court-martial in connection with an alleged attempt to sell Japanese naval secrets to Captain Edward Howland Watson, naval attaché at the United States embassy here.

Captain Watson, it is said by The Nichi Nichi Shimbun, received two letters signed "Goto Yajima," asking him to "certain country." Secret maps of Formosa and documents showing the depths of various parts of the sea were also included.

The district attorney indicated that most of the bonds had been handled by one man and that the stolen securities had been distributed as collateral for loans or in payment of obligations.

Of the \$60,000 worth of bonds said to have been partly traced, \$20,000 are known to be in the possession of a wealthy automobile dealer who received them in exchange for other securities. Another \$20,000 group was said by the district attorney to be held by a Jamaica, L. I., bank as a security for a loan.

The bonds were stolen from two messengers in the Manhattan brokerage office, as a result of questioning the men, District Attorney Lewis announced that \$60,000 worth of the stolen bonds had been found.

and arriving here, it is announced, will use the Haynes street station

of the Atlanta, Birmingham and Atlantic, which is located just south of the Terminal station.

Announcement has been made by officials in the operating department that complete crews have been secured with which to man the trains that are to be run, and no difficulty is expected to arise from this source. Nor is it expected that any interference upon the part of strikers will be encountered, as orders have been given out to the union men to observe the law strictly and to refrain from anything that smacks of violence.

The trains that the railway officials contemplate putting in service Friday, it is announced, will not only carry passengers, but will also haul mail and express between Atlanta and Manchester.

In addition to a number of resolutions that have already been given out from towns along the line of the Atlanta, Birmingham and Atlantic, Birmingham and Atlanta day afternoon gave out the following paper adopted by the citizens of Atlanta on the strike situation:

"Be it resolved by the citizens of Atlanta, B. & A. Railway company in their effort to reduce wages of its employees so as to enable the officials of said road to pay

same out of its earnings without further increase of passenger and freight rates. Be it further

Resolved, That we pledge our own to protect the property of the railroad during the pending strike within the limits of our jurisdiction and uphold them in any equitable and legitimate move they may take in solving the situation.

(Signed) "W. H. SORROW, Chairman."

**Hold Daily Meetings.**  
Holding daily meetings at the Labor temple, union and brotherhood leaders are keeping a firm hand upon their members with reference to the strike and, with the exception of the announcement that employees are ready and willing to go into a mediation of the controversy, no formal statement has been given out by the assembled brotherhood chiefs.

Dispatches received from Birmingham Thursday night showed that freight service on a small scale was resumed Thursday on the Atlanta, Birmingham and Atlantic railroad between Lineville, Ala., and Talladega, Ala. A train made up at Lineville and was manned by a crew of practical railroad men, who volunteered for service to relieve distress along the line. It will distribute food and farming supplies.

**Appeal for Relief.**  
People along the road east of Talladega appealed to Superintendent Whitaker for relief and offered the

services of experienced men to operate trains in the emergency. J. H. Dolvin, representing the superintendent, will have charge of the distribution of freight.

No passenger trains were operated out of Birmingham Thursday. Notice was received by Atlanta, Birmingham and Atlantic officials late Thursday afternoon that at a mass meeting of citizens of Norman Park, the following resolution was passed:

**Norman Park Action.**  
"Be it resolved, That we, the citizens of Norman Park, here pledge any reasonable support, moral or otherwise, to the Atlanta, Birmingham and Atlantic Railway company. We believe that the reduction of wages is just and fair. Be it further

Resolved, That we offer our assistance in any way in our power in the protection of their property interests in our community.

Similar action was taken at a mass meeting of citizens of Vienna, the following resolutions being adopted:

"We, the citizens of Vienna and Deely county, now in mass meeting at the courthouse in Vienna, having discussed the labor strike of the operatives of the Atlanta, Birmingham and Atlantic Railway, which traverses our county, hereby condemn the action of the labor union in calling for a strike and we want to go on record as being entirely in sympathy with and pledging our influence and support to the railroad. While we are very much incensed by the operation of the Atlanta, Birmingham and

Atlantic we think best and advise the railroad to hold out firmly to their proposition to their employees, namely, to reduce their rate of wages 50 per cent of the increase of wages since 1917, as on account of the reduction of prices of all commodities, especially those that go to make up the cost of living, we think that they could easily stand an even greater cut. We see no reason why their wages should not be put on a parity with those employed in other lines of trade. We desire that a copy of this resolution be printed in The Vienna News and a copy be mailed to receiver, Colonel E. J. Lutz."

Birmingham, Ala., March 10.—Superintendent Whitaker, of the Atlanta, Birmingham & Atlantic railroad, announced tonight that the road would accept freight for delivery at points between Birmingham and Lineville not served by other railroads up to 11 o'clock tomorrow.

"We are going to operate a freight train tomorrow," said the superintendent, "but will accept shipments only destined for points not served by other roads. We are taking the step in an effort to serve the public feeling it is our duty to do our utmost to serve those who are not located on other railroads."

A freight train from Lineville arrived in Birmingham at 5:15 this afternoon.

## POLICY OF ALLIES RAPPED BY CLYNES

Member of Commons in Duel of Words With Lloyd-George on Reparations Question.

London, March 10.—The decisions of the supreme council were lengthily discussed in the house of commons today. Main interest centered in a duel between John Robert Clynes, labor member, and former food controller, and premier Lloyd-George. Mr. Clynes, in behalf of the labor party, challenged the premier's change of attitude in having previously declared that reparations were only possible by restoring Germany's economic position, and now agreeing to military coercion, a policy which could only mean greater unemployment, greater debt and greater taxation.

Mr. Clynes contended that the allies acted precipitately in refusing to grant Germany delay to make fresh proposals; he thought they might have invoked the aid of the United States as arbiter in a matter of this kind.

Lloyd-George defended his policy. He argued that Germany's exports to the allies represented more than half her total exports, and could not believe that she would risk the loss of that trade by refusing to pay a fifty per cent levy, especially since she had lost the whole of her eastern trade. Moreover, no German goods were essential to England, except aniline dyes, and of these Great Britain already had a stock sufficient for a year or fifteen months. Three quarters of the German dye factories, said the premier, were situated in the occupied territory, and Germany was bound under the treaty to supply on a quarter of her output of dye to the allies.

The premier repeated that he would have greatly preferred an agreed settlement and would have been willing to discuss reasonable proposals. It was clear that Dr. Simons, head of the German delegation, was not empowered to present such proposals. Referring to the bill to impose a fifty per cent levy, which was introduced in parliament tomorrow, he added it would work more smoothly with them without an agreement, but he added:

"It will work a cash agreement or none."

Both the board of trade and the customs department, said Lloyd-George, were satisfied that there would be no difficulty in tracing the origin of goods, and no special machinery to carry out the plan would be needed.

**Sawdust in Streams Killing Many Fish, Game Warden States**

Because fish are dying in large numbers in the Chattahoochee river in Douglas, Heard and Coweta counties, Clyde Mathews, state commissioner of game and fish, has asked the grand juries of these counties to recommend a rigid enforcement of the law prohibiting throwing of sawdust in streams.

The law provides that such a measure shall not be placed in effect in any county until the grand jury has recommended such prohibition.

## SOUTHEASTERN FAIR DATES ARE ADVANCED

October 13 to 22 Announced as Date for the 1921 Exposition.

The Southeastern Fair association has selected for its 1921 dates October 13 to 22, inclusive. Instead of October 15 to 25, as was previously announced. This change will bring the fair two days earlier and will take up Thursday, Friday and Saturday of the first week instead of Saturday only. This will also make it unnecessary to continue two days into the third week, as has been the custom heretofore.

Reasons for making this change are largely due to the fact that with the original arrangement there was a week's skip between the Alabama State fair at Birmingham and the Southeastern fair, and also a week between the Virginia State fair at Richmond and the Atlanta fair. Moving up two days will be quite a help to exhibitors and concessionaires who expect to come from either of the other fairs to Atlanta. Through co-operation with pure bred live stock organizations of the south, the National Hog and Cattle show will again be an exclusive feature of the fair, and the international Club Stock Judging contest, which last year was such a wonderful success and created nationwide interest, will again have its place among the leading features.

The best race horses in America will be entered in the grand circuit races, and a number of big auto events have been planned. This year the Wortham Exposition shows will make their first trip south to furnish midway attractions.

## MANY JOINING POST OF FOREIGN WAR VETS

Greater Atlanta Post No. 390, Veterans of Foreign Wars, will initiate a large number of new members at their regular meeting at the wigwam Friday night.

The post will launch a recruiting drive, and the membership fee will remain \$1 until 200 additional members have been secured.

Cooperation with other patriotic organizations for the erection of a memorial hall, for use of such organizations, will be discussed at the meeting Friday night.

## ZIONISTS TO HOLD REGIONAL MEET HERE ON MARCH 13

All of the districts represented in the Southeastern Regional Union of the Zionists Organization of America will convene in Atlanta on March 13 and 14. The state of Alabama, North Carolina, South Carolina and Georgia will be represented. Delegates will begin arriving in Atlanta Sunday morning and by Sunday night it is expected that at least fifty delegates will be in attendance.

The meetings will be held at the Jewish Progressive club, 270 South Pryor street, and it is expected that many matters of vital importance will be discussed at this conference.

This conference will be of great interest to the southeast," said Sam Rittenberg, national executive officer for the southeastern district, who is in Atlanta preparing to take care of the delegates.

"Many matters of grave importance will be brought before the conference, and I would urge every Zionist in Atlanta to attend the sessions and become better acquainted with the wonderful progress being made by the Zionists Organization of America towards the formation of a national homeland in Palestine."

The public is cordially invited to attend the conference sessions. Many distinguished southern Zionists will be present to address the delegates.

## CHURCH CLUB TO HEAR TALK ON PRISON WORK

The Men's club of the West End Christian church will hold its regular monthly meeting, Friday, March 11, at 7:30 o'clock, at the church.

The address of the evening will be delivered by Dr. L. O. Bricker, of the First Christian church of the city, on the subject, "Prison Work." It will be a discussion of the church's prison commission's work.

Other interesting talks will be made and a program of stunts is open to all men interested.

## HARVARD LAW ALUMNI TO LUNCH AT PIEDMONT

There will be a gathering of the Harvard law school men of Atlanta at luncheon in the main dining room of the Piedmont hotel at 12:30 o'clock Friday afternoon, March 11. This is one of the periodic meetings for the law school graduates at the dinner given Professor Beale in January.

## WASHINGTON AND LEE AIMS TOLD BY SMITH

Head of College Tells U. S. C. Audience of Plans for Lee Memorials.

A masterful address upon the aims and purposes of the great university which he now heads was Thursday afternoon delivered by Dr. Henry Louis Smith, president of

Washington and Lee. The president's address was one of the most masterful ever delivered by him. He told the audience of the plans for the Lee memorials, and the aims and purposes of the great university which he now heads.

Dr. Smith declared that Washington and Lee university is General Lee's living representative, and that if the young men of today can but catch a glimpse of the greatness of the south's greatest general he has no fear for the future of this section.

He described the plan for raising the Lee memorial fund, in which the aid of Confederate veterans, sons of Confederate veterans is asked, and went into details upon the four forms which the memorial will take, the Lee memorial endowment fund, the Lee chapel and mausoleum, the Lee memorial school of civil and highway engineering and the Lee chair of journalism, all at Washington and Lee university, Lexington, Va.

## TRIBUTE TO LEE

Dr. Smith then took up the life of the famous general and paid one of the most eloquent tributes to the immortal leader of the Confederacy ever made in this country. His glowing remarks were greeted with marked enthusiasm by his hearers.

Dr. Smith was introduced by Sam Slicer, alumnus of Washington and Lee university, with whom Dr. Smith is staying. Walter Andrews, who graduated from Washington and Lee in 1891, paid high tribute to that institution and the work of the committee for the memorials, as did John Ashler, Jones, commander of John B. Gordon camp, Sons of Confederate Veterans, and H. B. Taylor, local veteran.

Mrs. J. H. Johnson, soprano, accompanied by Mrs. Charles Chalmers, sang delightfully.

Preceding the address a short business session was held. John A. Priddy, president, presiding. Reports were made by Mrs. W. C. Kline, Mrs. J. Y. Sage, Mrs. C. B. Walker and Mrs. John A. Manget.

## RESOLUTION TO COUNCIL

A resolution that council be petitioned to have only skilled laborers remove the canvas in the cyclorama to the new building so that no damage may be done the painting was adopted. Telegrams of compliment from all state officers were sent to Mrs. C. Helen Phipps, founder of the chapter, whose birthday it was. Mrs. Phipps being in Savannah, all messages were forwarded to her there.

Mrs. C. P. Byrd, now chairman for making historical studies, introduced and responded graciously. A large collection of books—histories of the war between the states—were presented to the chapter by bequest of the late Mr. Dodson, through Dr. Dodson.

## EDWARD WILSON'S WORK

Upon motion of Mrs. A. A. Woodward, a letter was unanimously voted to be sent former president Wilson expressing the chapter's appreciation for his eight years of service to the work and humanity and that the poem written to Mr. Wilson by Mrs. C. N. Davis, member of the chapter, be sent him.

J. A. Holland proposed Mr. Wilson as an honorary member of Atlanta chapter, and the motion was carried with enthusiasm.

Mrs. Joseph Heard reported that future meetings could be held on the first floor of the majestic hall through courtesy of Edward Alfriend.

## CITY AGAIN WILL HEAR "Arkansas Traveler," Fiddlers to Appear

The Georgia fiddlers' convention will hold a three-day session in the city auditorium beginning March 20, according to announcement made by J. C. Estes, president of that organization.

"The boys are all getting ready," says Mr. Estes, "and despite the industrial shadow, the sound of fiddlers, practically all of whom are farmers, it is one of the biggest and most successful conventions ever held."

Mr. Estes stated that letters have been received from John Carson, known all over the state for his ability to play the resined bow "Gid" Tanner, of Morgan county; "Shorty" Harper, of Madison; Ross Bagley, of Cumming; and Les Brown, of Dallas, all well-known fiddlers, stating that they will be here with their trusty instruments to participate in the contests.

The convention will be held under the auspices of the Daughters of America and a good portion of the proceeds will go towards the establishment of a drum corps for that organization.

## EX-SOLDIER FINED Pleads Guilty to Making False Allotment Statement.

Frank Elliott Seeman, ex-soldier of New York, formerly stationed at Camp Gordon, entered a plea of guilty in United States district court Thursday to a charge of making false allotment statements, and was fined \$100 by Judge Sibbey. It was alleged that through false statements, his allotment was received by his mother instead of his wife, from whom he was separated at the time.

## GRANT PARK LODGE TO MEET THURSDAY

The regular meeting of Grant park lodge No. 604, S. O. S., will be held in the hall of Grant park lodge No. 604 on Thursday evening, March 10. Work is the degree will be held. Visiting members of the order are welcomed.

## AMERICAN LEGION POSTS TO HOLD JOINT MEETING

A joint meeting of all the American Legion posts of this city, together with those of Decatur, Marietta, Fairburn, Conyers and Lithonia, will be held at 8 o'clock tonight at the chamber of commerce to close the two months' statewide tour of the organization and service party in the state.

Representatives of the public health bureau, the vocational training division and the war risk insurance division will speak at the meeting tonight.

A. L. Henson, commander of the legion, will be present.

Legion post No. 1, of this city, will hold its usual weekly luncheon at 12:30 this afternoon at the Peacock cafe, which will hold the monthly business session after the joint meeting tonight.

## Instructions Given Religious Survey Workers of Atlanta

Workers from various churches of the city making the religious survey, every member of all Protestant churches in closer touch with their respective churches preparatory to the great revival to be held by churches of Atlanta, have been so effective that it has been decided not to handle returns through a central office, but instead to have the different churches make separate surveys of their particular districts.

Following a congestion of returns at the central office, the central survey committee has issued the following instructions to pastors, captains and lieutenants of the church:

From what we have seen and heard we know that splendid work has been done throughout the city in taking the survey. Your committee on survey takes this opportunity to thank you for your sincere cooperation. Owing to various unforeseen causes, the work in some sections has been so delayed that it is now being done in a hurried manner. It is hoped that the information furnished by the ward organizations as follows:

Give to pastor of each church, his lieutenant, first ward should be sent the names of members of his church, list of his denomination, preference list of "preference" cards; second, cards showing preference for church of a denomination not located in your ward should be sent the nearest church of that denomination.

## Compensation Act Does Not Preclude Right to Bring Suit

That an employee of an individual or corporation, even though protected by the workman's compensation act, has the right to bring suit for damages for injuries, was the announcement of Commissioner of Commerce and Labor, Mr. M. Stanley Thursday afternoon.

"We have just received a report of a case of a man employed by a transfer company, who was injured by railroad engine. Under the law this man will receive his compensation from the insurance company, but at the same time will retain his right of action against the railroad company," said Mr. Stanley.

"Although insurance companies may have clauses subrogating this right of suit against the injuring corporation, such clauses are not valid."

"Should the employee die, his estate would receive the indemnity carried in the policy, and would have the right to file suit for damages," it was added.

## There Is Strength in Every Tablet

One dose often helps commence to enrich your blood and revitalize your worn-out exhausted nerves. Iron, like the iron in your blood and like the iron in your stomach, it is so prepared that it will not injure the stomach. It is ready for almost immediate absorption and assimilation by the blood while some physicians claim metallic iron which people usually take is not absorbed.

Next take two five-grain tablets of Nutra-iron—three times per day, after meals, for two weeks. Then test your strength again and see how much you have gained. Your money will be refunded by the manufacturer if you do not state perfectly satisfactory results. At all drugists.

## GUARD AGAINST AN EPIDEMIC

Enrich and Strengthen Your Blood Now With That Splendid Tonic, Gude's Pepto-Mangan.

RICH RED BLOOD FIGHTS GERMS

If You Are Pale, Over-tired, Lacking in Energy and Enthusiasm, Your Blood is Probably Thin and Needs a Tonic

The first and perhaps the only thing you can do to avoid the dangers that would come if there were an epidemic, is to take special care of your health. Keep your blood in good condition. The blood very often gets in bad shape, almost without your knowing it. How many times you feel tired and exhausted. You have an all-gone feeling for weeks. You don't care about eating or going anywhere. Your work becomes an effort and you wake up in the morning more tired than when you went to bed. When you feel like that, look to your blood. You can be pretty sure it is in a weakened condition. You have been straining either mentally or physically and your blood has become clogged with poisons. Don't let yourself get run down. If you do not feel right, begin taking Gude's Pepto-Mangan and keep it up for awhile. Gude's Pepto-Mangan is put up in both liquid and tablet form and is sold by druggists everywhere. The liquid and tablets have exactly the same medicinal value. Buy whichever you prefer and be sure it is genuine "Gude's" is on the package. (adv.)

## SAGE AND SULPHUR DARKENS GRAY HAIR

Brush This Through Faded, Streaked Locks and They Become Dark, Glossy, Youthful.

Almost everyone knows that Sage and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wynell's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it. No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time and, morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. ## CITY OWNERSHIP URGED AT MEET

500 Gather at Baptist Tabernacle and Resolve in Favor of Municipal Gas Plant.

The city-wide campaign for municipal ownership of the gas plant, which began several weeks ago in a cottage gathering in Edgewood, when citizens of that community gathered in indignation against the gas rate increase, developed into a fight against privately-owned public utilities in general Thursday night, when approximately 500 men and women gathered at the Baptist Tabernacle to hear advocates of municipal ownership elucidate its advantages.

Before dispersing, the crowd adopted resolutions presented by representatives of the West End Public Utilities association endorsing municipal ownership of the gas plant, and providing for the appointment of a committee of eleven, consisting of one member from each ward, to perfect plans for a series of further community meetings. One day was heard when City Attorney James L. Mayson, who presided, put the resolutions to a vote.

"Thoroughly Protestant." The event had been announced as a general protest meeting. Judge W. A. Covington, of Moultrie, opposed the rate of practically every public service except elevators and revolving doors. W. E. Halstrom, president of the Edgewood Progressive club, called the Georgia Railway and Power company a condemned power company, and a blood-sucking octopus. Mayor Key poked fun at it for half an hour. In addition to the resolutions, a nuisance laws should be enforced against it. In fact, the meeting was thoroughly Protestant in all its phases. Meeting was called to order by Mr. Halstrom, who declared that the meeting was held for the purpose of emancipating the people from an octopus. He introduced Mr. Mayson, who spoke briefly, and presented Mayor Key as the first speaker.

Declared Statewide. "The movement in the state looking forward to the public ownership of certain public utilities has been going on some time," the mayor said. "To night I congratulate you upon this splendid manifestation of interest in that distinctly progressive program. The mayor said that the public is being required to pay dividends on watered stock issued by the power company. He compared the Atlanta gas rate, which is 10 cents per thousand cubic feet, with that of Richmond, which is \$1.30. The people, who can buy the gas plant, the electric power plant and the street railway system, and the Mayor Key stated that the present need is legislative authority to municipalize the gas plant, to take the utilities and pay the owners a dollar-for-dollar price for them. He thanked various leaders in the movement, including Marion Jackson, John J. Egan, Judge Covington, Mr. Mayson, Mr. Halstrom and Dr. L. N. Huff. Dr. Huff, at whose invitation Judge Covington addressed the meeting, occupied a seat on the rostrum.

## MURDER CHARGES FEATURE SESSIONS OF CHATHAM COURT

Savannah, Ga., March 10.—(Special.)—Nine cases in which murder is charged are assigned for trial in Chatham superior court during the month of March. Groover Curtis will face a jury for the second time in connection with the killing of James P. Bally and the same time of little Iris Broom, 5-year-old child of the proprietor of the downtown restaurant where the shooting occurred last July. A mistrial resulted on a former hearing. Other cases on a former hearing, charged with killing Gilbert DeLoach, Cora Gillson, charged with killing Rosa Murray; Eugene Williams, charged with killing Jacob Jenkins; Percy Manning, charged with killing William Nelson; Frank Jones, charged with killing of Beatrice Edwards; Joe Harris, charged with killing of Walter Clark Brabham; and J. V. Dolan, charged with killing Solomon Newman. Trials in murder cases, it is thought, will be held up to the end of the month. March 22 to the end of the month.

## Georgian Returns To Macon Home With French Bride

Perkins Cheney, Ex-Serviceman, Weds Girl He Met in France.

Macon, Ga., March 10.—(Special.) Perkins Cheney, a former serviceman, returned to Macon today from New York, with his bride, formerly Miss Rene Belleville, a French girl whom he met while serving with the American army in France. Young Cheney came home several months ago and recently wrote his fiancée to come to America, in order that they might be married. She arrived in New York last week and Cheney hastened there to welcome her. He met with obstacles, however, for the officials would not let his bride-to-be land unless Cheney presented an affidavit that he was an American citizen in good standing. He knew one in New York, but finally made a hurried trip to Washington, where he located his former Colonel and got the necessary paper. The wedding was solemnized in New York Tuesday.

## FIVE OIL TANKS EXPLODE IN FIRE

Brooklyn Plant of Standard Oil Scene of Second Disastrous Fire as Oil Containers Burn.

New York, March 10.—Fire broke out today in the Standard Oil company's plant in the Greenpoint section of Brooklyn, which, more than a year ago was the scene of one of the biggest oil fires in the history of the city. Four tanks were reported to have exploded, endangering others. Two alarms had been sounded by noon and ambulances summoned. Police reserves were called from five stations. The plant, known as the Sone and Fleming works, covers a large area. Efforts to draw off the oil from other tanks were made when the wind seemed to be blowing the flames toward them. Thousands of persons began flocking to the scene, attracted by a heavy smoke screen that rolled down on the city. Shortly after noon five tanks in all had exploded. In each case there was a dull boom, but no concussion. The fire started in crude oil still, in which the liquid is heated, and vaporized. The flames soon leaped to surrounding tanks. The fire which swept this area more than a year ago burned for several days, causing a loss of several millions. More than thirty large oil tanks exploded, spraying factories and other buildings in the vicinity, several of which were destroyed. Each of the five flaming tanks held 25,000 gallons of oil. The fire seemed under control at 1:30 o'clock, but was still burning fiercely.

## WORKERS TO SEEK COURT INJUNCTION AGAINST PAY CUT

Omaha, Neb., March 10.—A petition for an injunction to restrain the packers from reducing wages or readjusting working hours has been planned for presentation in federal court in Chicago next week if the employees' appeal to President Harding to use his influence to prevent the changes does not bring desired results. Edmund S. Brennan, of Kansas City, general counsel for the packers' employees, said today. The injunction proposal was under consideration most of the morning at the conference of workers' delegates here. The conference of packing house workers called by the Amalgamated Meat Cutters and Butcher Workmen's Union of North America, in its appeal to the president last night, asked him to urge the packers to hold in abeyance wage and hour changes announced to take effect Monday, until the secretary of labor could investigate the case. The telegram also urged abridgment of labor disputes. The whole situation was placed before Secretary of Labor James J. Davis by Mr. Brennan, who arrived here from Washington today. Mr. Brennan in conference with Davis took up the program of action in case a strike is called.

## JURY COMPLETED FOR HAMON TRIAL

Twelve Good Men and True Chosen on First Day of Murder Hearing in Oklahoma.

Ardmore, Okla., March 10.—Five hours and fifty minutes' time and examination of forty-nine veniremen were sufficient today to obtain a jury for the trial of Clara Smith Hamon, charged with the murder of Jake L. Hamon, reputed millionaire oil and railroad man, republican national committeeman from Oklahoma. Clara Hamon, neatly attired in a blue tailored suit, interestingly watched the selection of the twelve men who will determine whether she fired the shot which resulted in the death of Mr. Hamon, or whether the pistol she held in her hand was discharged when he struck her with a chair, as the defense will claim.

She held numerous whispered conferences with her attorney as the veniremen were examined. Clara Hamon was turned half around in her chair talking over her shoulder when Mrs. Jake L. Hamon, widow of the man Clara is charged with killing, entered the courtroom with her father, 19-year-old son, Jake L. Jr., and 14-year-old daughter, Olive Belle. Mrs. Hamon had taken a seat directly opposite Clara Hamon at the same table, when the younger woman turned again toward the jury box and saw the widow and children. Clara Hamon's face did not betray any recognition.

Defense counsel tonight predicted that since the jury had been obtained so expeditiously, all testimony in the case would be in by Saturday night, provided an afternoon session is held Saturday. The Union adjournment of court after the jurors had been sworn by unanimous agreement of defense and state counsel, the jury was directed to go tomorrow morning to the hotel where Clara Hamon and Clara Smith Hamon for several years occupied rooms, and in which she still resides. The defense stipulated that the furniture and furnishings of the suite should be placed as nearly as possible in the same order as on the evening of the jury viewing the rooms would be entered unless it was possible to arrange the rooms almost identically as they were on the night of November 21 last. After the jury goes to the hotel court will reconvene at 9:30 and presentation of testimony begun.

## MORTUARY

L. P. Carpenter.

Anniston, Ala., March 10.—(Special.)—Funeral services were held at Jackson, Miss., today for the late L. P. Carpenter, former sheriff and prominent citizen, whose death occurred here last night. The death followed a stroke of paralysis several days ago. He was a native of Jacksonville and had been a leading citizen for years.

Mrs. Rebecca Braswell.

Officers say the still evaded the county seat from Morgan to Edison. The Edison and Arlington districts polled 810 votes for the removal.

## State Music Clubs Convene at Rome For Annual Meet

Rome, Ga., March 10.—(Special.) The second annual session of the Georgia State Federation of Musical clubs began here this morning with a large and representative attendance. Mrs. Frank Sieberling, of Akron, Ohio, the national president; Mrs. John Lamar Meek, of Chattanooga, the state president of Tennessee; Mrs. Oscar Hundley, of Birmingham; Mrs. W. P. Bailey, of Savannah; Mrs. Harry P. Hermance, of Atlanta, and other leaders in the club are here.

Dr. A. W. Vanhoose, president of Shorter college, delivered the address of welcome. Mrs. Taul White welcomed the convention on behalf of the Rome club and Mrs. Hermance, of Atlanta, responded. The message of the state president, Mrs. Frederic Vaisre, of Rome, was well received, and was followed by announcements for the day. Musical numbers of the day's program were a piano solo by Miss Marie Vannaken, director of the day music department of Shorter college, and two songs by Miss Edith Allen, of Rome. Luncheon was served at the victuallers at the Coast Country club and afterwards talks on "Aims of the Federation" were made by the president and on the department of philanthropy by Mrs. Oscar Hundley, of Birmingham, chairman of the department. The convention will remain in session Friday and a part of Saturday.

## RUN-DOWN, WEAK

Strasburg, Va.—"Some years ago I was in poor health, was in a run-down, weakened condition. Our home doctor could do me no good and I felt discouraged. My husband said to me, 'Why don't you quit doctoring with these doctors and try Dr. Pierce's Favorite Prescription?' I did so, with wonderful results before the first bottle was finished. I used three bottles, also the 'Pleasant Pellets,' and have been healthy ever since. I can highly recommend these medicines to all who need them."—MRS. S. C. FEELY.

## Atlanta Council Parent-Teachers Hold Third Quarterly Meeting

The quarterly meeting of the Atlanta Council of Parent-Teachers was held yesterday afternoon at 3 o'clock in the assembly room of the chamber of commerce.

Mrs. John Spaulding, president, presided. Mrs. E. M. Walker, chairman of the executive committee, reported on two resolutions, the first concerning the moving picture at Spring Street school, which is a new invention, and does not require a Greproof booth nor a licensed operator. This was endorsed by the city council and when endorsed by Mrs. Walker also reported on a resolution introduced by Mrs. C. P. Ozolite, which was adopted.

A letter was read from W. F. Dykes, announcing the Georgia Educational association, which meets in Atlanta in May, the session to be held in the Wesley Memorial church. Mr. Dykes asked the co-operation of Atlanta council to assist in entertaining the visitors.

The president, Mrs. John Spaulding, appointed Mrs. E. M. Walker as chairman of the election of officers, which will be held in May.

Mrs. A. P. Tripod is chairman of this committee, and serving with her will be Mrs. Charles Robinson, Mrs. Robert E. Harvey, Mrs. P. O. Oxburn and Mrs. R. L. Thomason.

The luncheon party numbered thirty-six.

Spring flowers in pinks and purples were used in decoration which was artistic and effective. There were four tables, and the centerpiece of each was a low Italian marble urn, pink snapdragons and purple stock combined in one, and their pink and lavender shades filling another, and each distinctive in its choice, and ran- domness of flowers. The place cards bore the monogram of the hostess in gold. The menu was dainty and delicious.

Mrs. Harper wore a smart costume in black satin with flowered trim. Mrs. Ross Harper's becoming gown was of brown lace and her hat of flowers in the pastel shades, was veiled in brown tulle.

Mrs. Darlington wore sand-colored Georgette with a finish in blue and the same shade of blue was the motif of her hat. Mrs. Kyle wore self-striped satin and a squirrel-fur with a black picture hat.

Barnes Johnson, of New Haven, Conn., has been called home on account of serious illness of his brother, Walter, who will be with his mother, Mrs. Floyd Johnson, in Decatur, until his brother is out of danger.

Friends of Mr. and Mrs. Floyd Johnson will be pleased to know their little son, Walter, is improving after being so critically ill.

Mrs. John H. Coyle will leave March 20 for New York, where she will join her granddaughter, Miss Jane Kendall, for the Easter holidays, and will open the apartment at the home of Mrs. Lyman Kendall on Park avenue.

Mrs. and Mrs. Kendall are still at the Beacon school in New Jersey.

### MEETINGS

The Parent-Teacher association of the North Avenue Presbyterian school will meet this evening, March 11, at 8 o'clock, in the High school building, 189 Ponce de Leon avenue. A large attendance is urgently desired.

Circle No. 9 of the Missionary Society of Trinity Methodist church will meet this evening, March 11, at 8 o'clock, in the High school building, 189 Ponce de Leon avenue. A large attendance is urgently desired.

All members and guards, Jennifer Review Woman's Benefit association of the Macabees, are requested to attend a regular review night, at 8 o'clock, 1-2 West Alabama street. Business of importance to be discussed.

Sale of Seats Opens For Monday Concert Of Opera Favorite

Sale of seats will open this morning at Cable Piano company for the recital at the Auditorium Monday night by Rosa Ponselle and Willa Ponselle, the two artists in the presence of the two artists in Atlanta. A large audience will greet them.

This will be Miss Ponselle's first appearance in concert in Atlanta, although she has been heard here in two seasons of opera. Mr. Ponselle has been an annual visitor since the first opera season, but has never been heard here in the capacity of pianist. He has for many years been assistant conductor of the Metropolitan orchestra.

The two artists open their spring concert tour in Savannah tonight, under the auspices of the Savannah Music club. They will return to Atlanta Sunday morning.

DELTA SIGMA CHAPTER TO BE FORMED AT TECH

Saturday afternoon will mark the installation of the Delta Sigma Pi Commercial fraternity into the Georgia School of Technology. This to students of the school of commerce.

The ceremony will be performed in the Hotel Ansley and will be attended by the grand council, local alumni and members of the local chapter of Georgia Tech.

The installation will be followed by a banquet in honor of the grand council and local alumni, at the Georgia Tech chapter, whose roll includes the names of Messrs. Dennison and Wilson, from the faculty; D. I. Barron, E. D. Bryan, M. J. Penton, J. W. Hanson, M. W. Tully, H. N. Sevey, R. P. Mayer, S. Newton, D. W. Osborne, D. Session and D. E. Walraven.

INAUGURATION COST PLACED AT \$1,500

Washington, March 10.—President Harding's inauguration cost just \$1,500 out of the \$50,000 special appropriation made by congress, according to Elliott Woods, superintendent of the capitol building and grounds. The money went into guard rails and other safety devices, he said today, the inaugural stand where the actual ceremony took place having been built by the telephone company which installed amplifiers.

Harry Stillwell Edwards, noted writer and interpreter of the south, was presented by the Atlanta Writers' club yesterday in the Capital City club ball room before a large audience, representative of Atlanta's culture and interest in things literary.

They were afforded an afternoon of rare pleasure, Mr. Edwards proving the raconteur no less delightful than the writer.

His stories of the old south do justice to its high cultural development, its breadth of spirit, its love of humanity, as expressed in its unique open house hospitality as well as to that picturesque part of its population, its enterprising negro, whom he handles with the smiling kindness of knowledge and a well-nigh affectionate tolerance.

Both elements which are shown so successfully in his recent little book, "Aeneas Africanus," were exploited yesterday in his reading from that story, which is so constantly, although so gently humorous, of the southern, so faithful a picture.

Introduced by Mrs. Wylie.

Mrs. Lollie Belle Wylie, president of the Writers' club, introduced Mr. Edwards and expressed the satisfaction of the body, which has entertained and been entertained by noted men of letters from many countries, in the privilege of introducing Mr. Edwards to the club.

Mr. Edwards' program included a striking short story, which had been a prize winner in a national contest conducted by Life. It is interesting in this regard to know that of the many contests Mr. Edwards has entered, he has never failed to win the prize.

Of his poems possibly the most beautiful was "The Reed and the Crown," which is an exquisite tribute to Sidney Lanier, although "The Vulture and the Shadow," of which the author's reading was a noteworthy incident, is ranked by critics next in literary value and originality to the poem of Edgar Allan Poe.

The patriotic note was sounded in a poem written during the training period at Camp Wheeler near Mr. Edwards' home.

At the close of his program, which was received with manifest appreciation, Mrs. Wylie announced that the members of the admission charged would go to the Highland camp committee, Young Women's Christian association, of which Mrs. Charles A. Conklin is chairman, to be added to the fund for the building of a swimming pool at the camp.

Conklin in a graceful speech of acceptance, stated that fifteen hundred girls had enjoyed their vacation last summer at this camp, and Mr. Edwards' recital, a beautiful event in itself, would also add to the fund for the building of a swimming pool at the camp.

Mr. Edwards, during his stay in Atlanta, was the guest of his kinfolk, Mr. and Mrs. Frank M. Inman.

Garbed in long white butcher coats and little round white caps, the members of the President's club and more than a score of invited guests made a thorough inspection of the packing plant of the White Provision company Thursday night.

A banquet was served after the tour in the cafe of the plant.

From the last sight of the pig until the finished sausage and hams were wrapped for shipment, the visiting group followed the process of picking, dressing and smoking meats. The employees remained at the plant, and the group of invited guests made a thorough inspection of the packing plant of the White Provision company Thursday night.

Georgia in 1910, some of which were raised in Tennessee, and in the past year we received 10,000 hogs, raised and bred in Georgia. Today we have a large number of hogs, and the average is higher than in most hog-producing states. Georgia produced four international grand champion hogs recently, and also produced the international grand champion bull in 1919.

Others who spoke briefly, indorsing the White Provision company, were Gov. Hugh M. Dorris, W. H. Peacock, of Cochran, breeder of champion Durocs, and A. J. Evans, of Fort Valley, a peach grower.

Major J. S. Cohen, editor of The Atlanta Journal, Robert E. Madox, president of the Atlanta National bank, and who was mayor when the White Provision company plant was opened, also spoke. G. F. Willis told the members of the drive for funds being made for the D. A. R. home, and Prof. K. G. Matheson, president of Georgia Tech, outlined the value of technically trained men in developing the natural resources of the state.

\$16,000 IS NEEDED TO FINISH FUND FOR D. A. R. HOME

A full membership meeting of the Joseph Habersham chapter of the Daughters of the American Revolution will be held Tuesday afternoon at the Capital City club, to make plans to secure about \$16,000 still needed to build a memorial club house. G. F. Willis, who is aiding the chapter in its campaign, has since the meeting because the response to a campaign for funds, conducted early this week, proved insufficient.

The building, which will be a memorial to the Georgia soldiers in the Civil War, is now being founded, will cost about \$50,000, he said. Construction will begin as soon as the fund is completed. Besides being a memorial, the building will contain a room for the display of war relics, and an auditorium seating 500 persons.

## HINES QUESTIONS GAS OUTSIDE CITY

Commission's Attorney Doubts Power of Company to Supply Suburbs Under Present Charter.

Declaring in his opinion Thursday to the state railroad commission that this body has no authority to compel the Georgia Railway and Power company to furnish Kirkwood with gas service, Judge James K. Hines, special attorney for the board, stated for the first time that under the present charter it is questionable whether the company can sell gas outside the city of Atlanta.

After requesting the Georgia Railway and Power company several weeks ago to extend its gas mains to the suburb, citizens of Kirkwood, on being refused, decided to take the matter to the railroad commission, and that body referred the question to its special attorney for his opinion.

While, Kirkwood has taken steps toward obtaining a municipal gas plant.

"As to the Atlanta Gas Light company having never undertaken to furnish gas to the inhabitants of Kirkwood, I am of the opinion that the commission is without jurisdiction to compel it to render this service," says Judge Hines.

Under the original charter of this company it was only authorized to make, manufacture and sell gas for lighting the streets.

"Under its charter it is questionable whether this company can sell gas outside the city of Atlanta, but on this question I do not now express an opinion for the reason that your inquiry does not embrace this matter."

## FISH DEALERS GIVE SEA FOOD BANQUET TO BUSINESS MEN

With the exception of peach pie and coffee, fish in various forms composed the entire menu of a banquet given to prominent business men of this city by the Atlanta Wholesale Fish Dealers' association, in observance of national fish day Wednesday. The dinner was held at the Piedmont hotel.

## PROPHETS GET NOTICE OF BIG CEREMONIAL

Joint Session of Ararat and Nocom Grottoes in Atlanta, March 23.

The secretary of Ararat Grotto is mailing out ceremonial notices of the joint session of Nocom Grotto, Macon, and Ararat, to be held in Atlanta on Wednesday, March 23.

The Grotto at Macon has been requested to put on the ceremonial drama, has accepted and will attend in a body, coming on a special train bringing with them a large class of neophytes.

The program for March 23, as tentatively outlined, will include a parade of the grottoes during the afternoon, the ceremonial at the Auditorium-Armory and a theater party to the visiting ladies. A buffet luncheon will be served at 7:30 and an informal reception and dance at 8:30 o'clock.

An unusual interest is being manifested by the Atlanta candidates as they are expected to receive a large number of votes from the Macon grotto's hands rapidly and any blue lodge Mason that is anxious to get on the wagon at the festival expense should get in touch with the prophet and give him his petition.

## Says Wife Told Him She Faced Minister To Get Meal Ticket

Extreme frankness on the part of Mrs. Minnie S. Lewis in informing her husband that she married him for a meal ticket and his name, was made one of the grounds for divorce filed Thursday in the superior court by Thomas V. Lewis.

The plaintiff sets out in the petition that they were married August 8, 1919, and lived together until March 7, 1920, when his wife made her reasons for assuming the nuptial vows plain.

On several occasions, he claimed, the defendant pretended she had taken poison. One time she told him she had swallowed bichloride of mercury tablets, he declared, and he rushed out and got a doctor.

When he returned with the physician, he discovered that his wife had dropped the tablets down her collar instead of swallowing them. The attorneys Etheridge, Sams & Etheridge represent the petitioner.

## TOWER AGAIN BANNED

Quarantined Second Time as Smallpox Appears.

Quarantine of the Fulton county jail, which was lifted Wednesday, was resumed Thursday morning when a new case of smallpox was discovered among the negro prisoners.

The case was reported by a physician at county health officer, Lieutenant T. E. Lockhart, who stated that he thought all cases of smallpox was over and the quarantine, which had been established several weeks ago, when two cases of smallpox developed, was lifted.

No visitors will be allowed to come into the jail until the re-established quarantine is revoked.

## MOSER URGES ADOPTION OF TEXAS COTTON PLAN

Governor Wellborn Answers Criticisms Aimed at Federal Reserve Board.

Formation of a co-operative cotton marketing organization in Texas, which contemplates the control of 1,000,000 bales this year, was explained in detail by S. C. Moser, secretary of the Texas Farm Bureau federation, at the Thursday afternoon session of the Georgia Farm Bureau federation at the Piedmont hotel.

He urged the formation of a similar body in this state. Ironclad contracts, he explained, bind the cotton farmer to sell their crop to the marketing agency, which is a corporation without capital, and run at cost. The cotton received is pooled, according to the needs of the spinners and eliminating speculative pools, and the sale value of the pool is distributed pro rata among those contributing to it.

Agencies and warehouses to be organized in Texas to handle the crop, and it is expected that \$200,000 will be devoted to marketing the crop in that state this year.

Mr. Moser said in five months the Texas Farm Bureau had gained 40,000 members, and the budget expenditure for this year was \$500,000. Co-operative marketing of cotton in Texas, he said, had recently proved very successful, and the farmers were enthusiastic about the possibilities of applying the plan to cotton.

Marketing Arrangement. He emphasized the thought that the co-operative marketing organization does not plan to hold up the crop and starve the world for high prices. It is purely a marketing arrangement, he stated, designed to bring the farmer the value of his crop, and to bring him better returns by giving him the profits now often made by speculators and middlemen.

M. B. Wellborn, governor of the Atlanta Federal Reserve bank, spoke at the afternoon session, and answered a number of criticisms often aimed at the federal reserve system by the farmers. Greater help could not be given the farmers, he said, because only 133 of the 723 banks of the state are members of the system. Financial help was indirectly given through non-member banks, he said, but the federal reserve banks could not help as much in this way as they might have done had they been able to give direct aid.

Credit has not been defeated by the federal reserve banks," he declared in reply to common charges against them in the last few months. "It has expanded decidedly."

\$225,000,000 Loans. The federal reserve banks having surplus funds extended accommodations to federal reserve banks in agriculture and live stock districts by means of loans to them aggregating more than \$225,000,000. This was during the period from January 23 to October 1, he explained. He also contended that commodity prices fell last fall while the currency circulation was at the highest point in the history of the country, and disproved the charge that contraction of currency by federal reserve banks was responsible for the price declines.

"The main cause for the existing condition of affairs is not the contraction of the currency," he said, "it is the result of the world war, and those engaged in agricultural pursuits to refrain from overproduction until business throughout the world assumes a more normal condition."

At the session this morning, James R. Howard, of Chicago, president of the American Farm Bureau federation, spoke, and was scheduled to speak yesterday, but was delayed in reaching this city. Election of officers will take place this morning, and the convention will take final adjournment tonight.

## HENRY C. FREEMAN DIES

Well Known Columbus Druggist Passes Wednesday.

Notification of the death of Henry C. Freeman was received by relatives here Wednesday. Mr. Freeman was a prominent druggist of Columbus, Ga., where he died at his home Tuesday night after a brief illness. He had a wide circle of friends in Atlanta and was a brother of William R. and George P. Freeman of this city.

Mr. Freeman, who was 49 years old, is survived by his wife; three children, H. C. Freeman, Jr., Dedee and Jeanette Freeman; and two brothers, William R. and George P. Freeman, of Atlanta.

Funeral services will be conducted Friday at the home in Columbus.

## 240 Woodward Ave. Incorrectly Given As Mrs. Hall's Address

Occupants of the residence at 240 Woodward avenue desire that the statement be made that this address was erroneously given as the abode of W. P. McDewitt and Mrs. F. Y. Hall, who are alleged to have been implicated in a bad check scheme and who were tried in the recorder's court for the offense.

The address, 240 Woodward avenue, was given for the two defendants in a story Wednesday morning, and The Constitution gladly corrects the error. People residing at the address, they say, have been subjected to considerable annoyance on account of the report and desire it publicly known that the man and woman arrested did not reside there. The home on Woodward avenue is one of the oldest in the city and houses well-known Atlantans.

## BOND COMMISSION TO HOLD MEETING FOR ORGANIZATION

An organization session of the bond commission, appointed to counsel expenditure of the \$8,850,000 bond issue authorized by the practically unanimous vote of Atlanta Tuesday, will be held next Wednesday morning at 11 o'clock according to announcement made by Mayor Key Thursday.

It is planned to select a permanent chairman for the commission at the meeting and general sentiment seems to favor the choice of Frank M. Inman, who headed the bond campaign organization and led it to success, for that place.

City council was expected to meet Thursday to consolidate the bond vote, but the extra session was postponed and the vote will be officially compiled at the first regular session of the body.

## Imbrie & Company To Pay Obligations, Attorneys Declare

Attorneys for Imbrie and company, which went into receivership last week, announced Thursday that it appears now that every dollar of obligations will be paid. Assets of the Atlanta office, it was stated, appear to exceed liability by \$25,000, and assets of the whole company appears at this time to exceed its liabilities by more than \$1,000,000.

Max Goldstein, of Little, Powell, Smith and Goldstein, attorneys for the local branch, stated that prosecution instituted against Imbrie and company in New York by the Beaver Board company, which was the first bankruptcy action taken, was an altogether friendly proceeding.

Judge Sibley, of the United States district court, issued an order Thursday authorizing local receivers for the local branch to deliver to customers stocks and bonds ordered and paid for but not yet in actual possession of the buyers. The order also authorized completion of transactions begun prior to appointment of the general receiver.

## "FAIR AND WARMER" Prophet's Prediction Pleases Populace.

The old reliable, never-disappointing prediction is the offering of C. F. von Herrmann, forecaster, for Thursday—nothing more nor less than "fair and warmer, warmer and fair."

Which will be greeted with enthusiasm by most of the populace, especially those who shied at the drop in temperature that occurred Wednesday night and lasted well into Thursday, later to transpire itself into a regular spring day with just enough nip and coolness in it to allow the prediction to be made—fair and warmer.

## OPPOSE FILLING STATION

Hold West End Protest Meeting This Morning.

A meeting in protest against the proposed erection of a gasoline filling station at the intersection of Lucile avenue and Gordon street will be held this morning by West End citizens. Representatives of the meeting will later appear before the street committee of council.

The committee recently gave permission to the company to establish a station at this point, but after much debate council referred the matter to the committee for reconsideration, after citizens had declared that because of the proximity of the proposed station to several churches, the place would be a nuisance.

## DEALERS VISIT VESTA BATTERY OFFICE HERE

Manager E. C. Andrews Receives Numerous Inquiries as to Battery Service.

E. C. Andrews, manager of the Vesta Electric and Supply company at 12 West Peachtree street, is one of the many men in the automotive business in Atlanta who have had few quiet moments since the show opened.

Ideas of "service," Andrews has received many automobile dealers and explained delicate points in battery care, as well as the particular features of the Vesta battery and their dealer sales contract. But dealers have by no means been the only ones who have had Mr. Andrews' attention during the week. He states that their local battery service is showing a marked increase and that his organization is taxed to render to every patron that superior service which is the aim of his organization, so he has taken himself from his beehive chair and private office and assisted in caring for local motorists with battery pains of various description. One worried car owner telephoned from some point on Peachtree road to buy a battery and have it delivered and installed on the road so that he could reach town for an important engagement. In his characteristic way Andrews made reply: "We will send you a service battery immediately and get you to your appointment in time, but we cannot sell you a battery until we are sure that you need one." The "dead" battery was brought in and after inspection it was found that it needed only a minor repair to make it good for many more months of service. Thus a competitive battery was made to give its owner better and longer service and Andrews has made another entry to his long list of friends, acquired during ten years in the battery business in Atlanta. All the detail of this transaction had the personal attention of Mr. Andrews too. But, at that, he probably has tried no harder to serve the motorist than many other men connected with the various branches of the automotive business. Atlanta is noted for the "service," its automotive firms strive to render.

General Sales Manager Reo Factory to Meet Reo Distributors in Convention.

## RUESCHAW TO ADDRESS DISTRIBUTORS TODAY

General Sales Manager Reo Factory to Meet Reo Distributors in Convention.

R. C. Rueschaw, general sales manager of the Reo factory, will arrive in Atlanta this morning accompanied by other Reo representatives.

R. C. RUESCHAW, Sales manager Reo Motor Car company.

tives, to attend the convention of southern Reo distributors here this evening at the Capital City club. Mr. Rueschaw is one of the best known executives in the automobile industry, and except for one short interruption has been continually connected with the Reo organization for a long number of years. C. W. Dupree, president of the Reo Atlanta company and the Reo Macon company, will be the host to the leading Reo distributors throughout the entire southeast, as well as his forty-odd associate dealers in the territory which he controls.

J. E. Brown, the genial sales manager for the Reo Atlanta company, will act as toastmaster at the banquet which will be given by Mr. Dupree at the Capital City club, preceding the address by Mr. Rueschaw, who is expected to deliver one of the strongest talks of show week.

Among the distributors, other than the associate dealers of the Reo Atlanta and Reo Macon companies, who will attend the meeting this evening are representatives of the Reo Varn Company of Jacksonville, Fla.; Garage of Charleston, S. C.; Garlington of Spartanburg, S. C.; Foreman-King Motor Company of Charlotte, N. C.; Byrd Motor Company of Birmingham, Ala.; R. S. Edgerton Company of Norfolk.

## BUSINESS IS GOOD IN FLORIDA, SAY DEALERS

Scripps-Booth Distributor Reports Good Business and Buys Two Carloads.

Fulton Saussey and Chris Robertson, of the Detroit Scripps-Booth company, of Jacksonville, Fla., prominent distributors attending the automobile show this week, stated to a representative of The Constitution Thursday evening that Florida business was good and that there was every indication that this would be one of their most profitable years. To back this assertion, Mr. Saussey placed his order with G. H. McCutcheon, manager of the Atlanta branch of the Scripps-Booth corporation, for two carloads of Scripps-Booth cars for immediate delivery, notwithstanding the fact that he already has a normal stock on hand.

Mr. Saussey is a prominent business man and banker of varied interests in Jacksonville. He is daily in touch with every phase of business activities in his section, consequently this bit of genuine optimism carries more than ordinary encouragement.

Mr. Saussey is a motor enthusiast, and to listen to him extolling the beauty of the finish, upholstery and design of the cars in the booth of the Scripps-Booth corporation, on the stage at the Auditorium, one would think that he knew motor cars from 1883 to 1921—and probably he does.

Mr. Robertson, his manager, is no less enthusiastic over the Scripps-Booth line and the prospects for a record year than is Mr. Saussey.

## DEALERS ATTRACTED TO BLUN-DIMMITT'S BOOTH

Georgia Dealers Evidence Their Interest in Peerless and Liberty Cars.

Many of the hundreds of automobile dealers attending the Great Southern Automobile show have taken a lively interest in the display of Peerless and Liberty cars which is located near the entrance to the Auditorium.

Manager Ball, of the Blun-Dimmitt stores, is almost constantly in the booth and no little of his time is spent in explaining their liberal sales franchise. There are only a few points in the territory controlled by this company that are available for dealerships, but, according to attendants at their booth, many dealers even where they have representation have been anxious to learn of their remarkable co-operation with dealers.

## JAMES P. HOUSE DEAD

DeKalb County Man Passes at Oakhurst Thursday.

James P. House, aged 48, a widely known resident of De Kalb county, died Thursday morning at his home, 1125 West College avenue, Oakhurst, following an illness extending over a period of several years.

Mr. House, who was born and

reared in De Kalb county, was an electrical engineer, and was for a number of years connected with the Georgia Railway and Power company. Later he became chief engineer for Armour and company. Mr. House was a member of the Methodist church, and had devoted service to that denomination from an early age. He is survived by his wife, two daughters, Misses Ruby and Frances House; his parents, Mr. and Mrs. W. P. House; one sister, Mrs. M. C. Vaughn, and four brothers, E. F. J. M., R. C. and Dr. C. H. House. Funeral services will be held Friday afternoon at 2 o'clock at Wesley chapel, with Rev. J. H. Alliston, Rev. W. W. Brinsfield and Rev. J. L. Lottis officiating. Interment will be in the churchyard.

It is an odd coincidence that King George and his four sons, the prince of Wales, Prince Albert, Prince Henry and Prince George, were all born on a Saturday.

## EX-PASTOR TO TRIAL UNDER MANN ACT

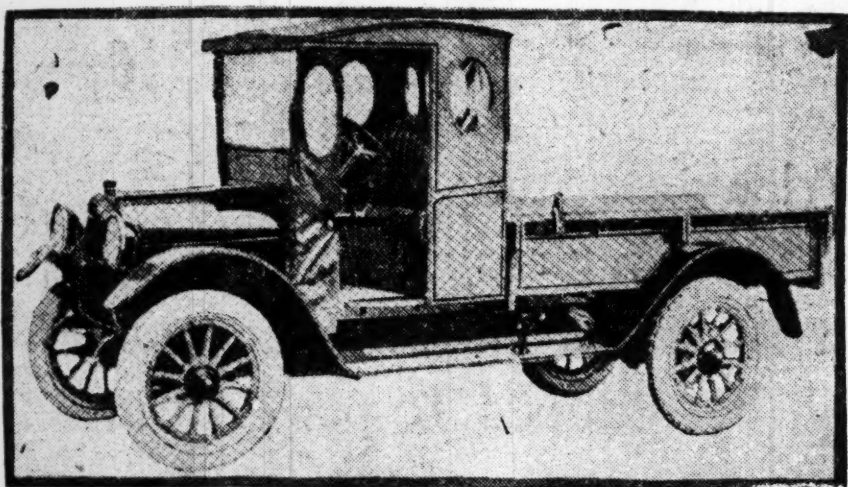

Passaic, N. J., March 10.—The Rev. Cornelius Densel, former pastor of the Netherlands Reformed church here, will be arraigned on an indictment charging violation of the Mann white slave act before the April term of the United States district court at Newark. This announcement was made today by Assistant District Attorney F. M. P. Pearce, who said that the indictment was returned last week. The minister is now out on \$5,000 bail. Densel is charged with taking Miss Tina Hansen, a singer in the church choir, from New Jersey to New York state for immoral purposes on November 12, last. Densel is alleged to have promised the girl that he would marry her and desert his wife. Densel and the girl were away from Passaic for three weeks and on their return he was expelled from the church.

## AD CLUB MEN PLAN QUARTERLY DANCE FOR MEMBERSHIP

At the regular meeting of the board of directors of the Advertising club Tuesday afternoon preliminary plans were agreed upon for the next quarterly dinner-dance and entertainment for the club members. These quarterly social events have proved to be the most delightful affairs given by the local club. Herbert Porter has been appointed as general chairman of arrangements, and it is planned to put the affair on at one of the roof gardens in the city or at one of the country clubs, in the early part of April. Aside from the customary pleasures of the dinner and the dance, a number of stunts interesting to the members have been arranged.

The race in basketball ball in the G. I. A. is rapidly drawing to a close. The season has been a very successful one, and the teams have played about as close as it was in baseball when it was necessary for the teams to play a second game.

At present Tech High is leading the pack, with a record of 8 wins and 2 defeats. However, their present position is far from fixed, for with the exception of the Atlanta University team at Barnesville, and Riverside, at Atlanta, the Smithies are going to be the only ones to lose a game.

Gordon Institute is in second place with seven victories and three defeats to her credit. The boys' club is also in the running, but Macon, playing the Lanier High boys, should Gordon win the games and the club lose the last game, would have an outside chance for

## Season's Best Minstrel Show

### Is Brought by Lassies White

"Lassies White," when he stepped on the road with the company of his which pried open its engagement at the Atlanta theater last night with his comical pops and musical songs—Lassies, we say, worked his egg-shaped head.

For since Lassies has veni- with his own company, and since Lassies has been unduly victimized, he is more than willing to agree that his minstrel is a high caliber, and with a finish that would never lead the observer and listener to guess that they were making their first acquaintance. Lassies, in his last year was starting in another minstrel, and he was not a bad one.

Plenty of Harmony. From the standpoint of harmony, which is quite the most-to-be-considered factor in minstrel, Lassies White's minstrel is absolutely as good, and more than likely just as good, as anything in the line which have arranged themselves about the stage of the Atlanta theater in some months. Several singers of better than ordinary ability accompany the minstrel, and the minstrel is a bit more peculiar than usual, and on the whole, Lassies White presents a minstrel that is a bit more peculiar than usual, and on the whole, Lassies White presents a minstrel that is a bit more peculiar than usual.

Chief among those who are an important part of the minstrel, and on the whole, Lassies White presents a minstrel that is a bit more peculiar than usual, and on the whole, Lassies White presents a minstrel that is a bit more peculiar than usual, and on the whole, Lassies White presents a minstrel that is a bit more peculiar than usual, and on the whole, Lassies White presents a minstrel that is a bit more peculiar than usual.

## Ballots Are to Be Mailed

### All Over the Country, and Result Expected Wednesday.

Omaha, Nebraska, March 10.—The appeal by the conference of the United Brotherhood of Carpenters and Joiners of America to the National Labor Relations Board, to prevent the union from going into effect March 14, has been taken up by Mr. Harding, the department of justice and labor, according to information received today from Frank Morrison, secretary of the American Federation of Labor at Washington.

In his telephone conversation with Mr. Morrison, secretary of the union, Mr. Harding said that a call had been issued to all allied unions in the packing industry for a conference in Chicago Wednesday. The conference will outline a program for concerted action, if a strike is imminent, against the wage cut approximating 12 1/2 per cent.

The strike ballots will be mailed immediately from Chicago and the final result is expected to be known by next Wednesday. The executive board is given authority to call and conduct a strike if a referendum vote authorizing it is secured by a majority of the members of the union.

All calls are warned to refrain from striking or taking other action pending issuance of a general order.

Favor Strike. The resolution adopted by the conference of the United Brotherhood of Carpenters and Joiners of America today left the matter of a strike in the hands of the union's executive committee. The resolution went on record in favor of a strike, however, if President Harding should not succeed in inducing the packers to comply with the war-time agreement.

The resolution instructed the executive board to "immediately arrange for the taking of a referendum vote on the question of a strike, such a vote to be taken as nearly as possible on the same day in all the units of the union."

Text of Ballot. This ballot, Secretary Lane said, was taken up by the union's executive board to "immediately arrange for the taking of a referendum vote on the question of a strike, such a vote to be taken as nearly as possible on the same day in all the units of the union."

The referendum vote will be taken by all union members in the five large packing plants and all independent employees who have adhered to the union's policy. Mr. Lane said.

## LEGISLATIVE PLAN

### TOLD TO HARDING

#### BY LEGION HEAD

Washington, March 10.—The American Legion legislative program for the special session of congress was outlined today to President Harding by F. W. Galbraith, Jr., national commander of the legion, who said after the conference that the president was impressed by the necessity of making more adequate provision for war veterans, especially disabled men.

Mr. Galbraith expressed the belief that the administration would give whole-hearted support to the legion's plan for the special session of congress for the grouping of all government soldier relief agencies into one bureau and a continuous hospital building program, especially for tubercular and neuro-psychiatric patients.

The legion, according to its commander, also will ask that veterans receive vocational training to give them adequate compensation to permit them and their families to live comfortably.

The matter of securing the return to the United States of the American Legion's headquarters at Philadelphia, Pa., was not discussed with the president.

Mr. Galbraith said that the "proper time" however, he added, the question will be brought to the attention of the administration.

## A New Era Opens for Atlanta

We congratulate the people of Atlanta on their ratification of the bond issue by the largest vote on record, in which all classes and every part of the city participated.

This will advertise to the world the fact that Atlanta has taken a new start and from now on will do things in a big way.

It is a happy circumstance that this great forward movement was practically unanimous. Now that we are together let us remain so.

Economic conditions are shaping themselves in Atlanta's favor as never before. For forty years we have been contending with obstacles in freight rates that would have balked a less vigorous city. Now they are to be removed by an act of Congress which requires rates to be based on distance except where there is actual water competition.

Atlanta is coming into her own. The new conditions will stimulate existing industries and bring us many more. This means more work, larger pay rolls, more money for the merchant and better times for everybody.

When the whole city is moving forward individuals need not hesitate. Let everyone plan for progress. We have touched bottom and from now on our progress will be upward.

There never was a better time to make plans and start business enterprises. Under present conditions they are more likely to succeed than the mushroom plants of flush times.

It is also a good time to project improvements or build homes, and we will be glad to give the benefit of our experience and facilities to those who would like to go ahead with construction of any kind.

## MIKE O'DOWD AND WILSON WILL BATTLE

New York, March 10.—Johnny Wilson, middleweight boxing champion, will defend his title against Mike O'Dowd, former titleholder in Madison Square Garden on March 17. Tex Rickard announced tonight. Wilson won the championship from O'Dowd in Boston about a year ago.

**Rifle Wins.**  
Scranton, Pa., March 10.—Willie Ritchie, of Scranton, won from "R. O." Chaney, of Baltimore, in the eighth round of a scheduled ten-round bout here tonight on a foul. The fight was fairly even up to the time Chaney was disqualified.

**Racing Resumed.**  
Mobile, Ala., March 10.—Mobile this afternoon successfully renewed its racing season before a crowd of five thousand persons. More than a hundred horses came here from New Orleans and Shreveport to contest for the purses in the five daily events which will be decided in the course of six days of sport.

The Auburn team was successful.

## SOME GREAT BOYS FOUGHT BY CELMARS

Ten minutes separated Johnny Celmars, who fights Frank Mantell here Tuesday night, from a boxing title. It happened thusly: In 1917, Celmars was matched for a light weight (Kid) Lewis, then welterweight champion. The bout was to be held on March 7, at Nashville.

**Is After Wilson.**  
But Celmars is looking no sleep over that disappointment. Since that time he has graduated into a minor league and is now on the trail of Johnny Wilson, the 155-pound titleholder.

## TRADE INVASION, HOOVER WARNS

Co-operation Needed to Combat Lower Living Standards, Declares New Secretary of Commerce.

BY JOHN GLEISSNER.  
United News Staff Correspondent.  
Washington, March 10.—A warning that America must increase her national efficiency, if she is to meet the "militant commercial invasion" of Europe, and at the same time maintain her high standards of living, has been issued by Secretary of Commerce Hoover, his first detailed statement regarding proposed development of his department.

**Lower Standard Faced.**  
"In the long run we may as well realize that we must face a lower standard of living in Europe many years ahead," said the secretary.

**The Ballard Make**  
Years of experience, careful study of the eye, the manufacturing of glasses for the correction of eye troubles, enables us with our force of experts to give optical service that is not always found elsewhere. We will do all an honest optician can do for you. There are many cases that need the services of an oculist before they ever get comfort from their eyes—we are familiar with such cases and advise what is best for you. It is much easier for you to keep out of trouble than it is to get out after you are in. We have many thousand patients who will gladly verify the above statement—ask them, they are not hard to find.
